Hi all- I've sent it over to the press office. I'm not sure how likely approval is for an interview, but I will ask.

Thanks,  
megan

See below. The reporter from Bloomberg/Businessweek is interested in talking to Andy and Mark about GenX/PFAS. The two options on the table are for her to send questions or, what she and Andy would prefer, a phone interview at 3 today.

Brad,

I'd much prefer a phone interview if we can do that.

Thank you very much,

Andy

Andy and Mark

Would you like me to ask Megan about one or both of you doing a phone interview or would you just prefer to handle it with written questions?

Thanks, I can do that, or would it be possible to speak on the phone around 3:30 ET today?

Best,  
Tiffany

Tiffany-  
I'll be filling in for Emily while she is out of town. If you'd like to go with written questions for Andy, please send them my way and I'll coordinate with our press folks.

Thanks,  
Brad

Tiffany,

Thank you very much for your interest in our research.

I am very happy to speak with you about GenX and the other PFAS, but all our media contact is coordinated through our Communications folks.

We are often able to provide written responses to written questions.

Please contact Emily Smith to make these arrangements.

Andrew,

Hello. I'm working on a story about GenX and related compounds. Are you available sometime today or tomorrow to discuss your work in this area?

I'd love to draw on your expertise in these little-understood chemicals - this is part of an important story that's developing across the U.S., and of great significance for our readers.

Best,

Tiffany
